

BPA Energy Efficiency Weekly Announcement, March 9, 2017

Events

Brown Bag: Non-Residential Lighting Update -

Join the BPA Lighting Team March 16 for an informative brown bag covering a variety of topics including the RTF Lighting Protocol, lighting promotions, recent changes from the Design Lights Consortium, and an update regarding the next version of the lighting calculator...[More](#)

Come to the Distributed Energy Resources Cross-Share in Portland on March 21 -

BPA's Distributed Energy Resources team would like to invite our utility partners to Portland on March 21 to share their experiences and discuss their interest in Demand Response and other Distributed Energy Resources. To facilitate the discussions between these various utilities, BPA will host a utility Cross-Share event. This will be an informal opportunity for brief presentations and in-depth discussion between utilities...[More](#)

Brown Bag: IM April Updates -

Please join us on March 30 from 12:00 – 1:30 PM to review the April publication of the October 1, 2016-2017 Implementation Manual (IM). This publication is an opportunity for BPA to release new measures, remove requirements, give 6-month notice for changes, and provide language clarifications. The Brown Bag will provide details on the forthcoming changes and offer an opportunity for customers to ask questions of BPA's programs staff...[More](#)

Bestselling Author Shane Snow and ASE President Kateri Callahan Tapped to Speak at EFX17 -

We're pleased to announce that Shane Snow – award-winning journalist,

entrepreneur, and bestselling author – and ASE President Kateri Callahan will address general sessions at Efficiency Exchange. EFX17, the premier networking and learning conference for Northwest energy efficiency professionals, takes place May 9-10 at the Oregon Convention Center in Portland....[More](#)

General

The COTR Corner -

When you submit Small-Business Promo lighting calculators to IS2, remember to enter the square footage into the Notes box of the Spaces tab. The square footage is necessary to verify the requirement that the building is 20,000 square feet or less. Not sure where to find the Notes box in the Spaces tab? Check out this [screenshot](#).
